Bulk Dual Mini Coax High-Resolution s-Video
Cable - Plenum Rated

Kramer's BCP-2X is a plenum rated, high resolution, dual mini coaxial cable perfect for routing s-Video signals, also know as Y/C, in professional AV systems

FEATURES

Plenum Rated - The low smoke and fire-resistant properties of plenum rated cable allow it to reside in air return spaces of ceiling, floors, and walls, often saving the cost of installing conduit

Quality Construction - Each mini coax has an industry standard 26AWG center conductor and a dual shield design consisting of copper spiral and aluminum Mylar foil

Numerous Applications - When terminated with RCA connectors, BCP-2X becomes an excellent plenum rated cable for unbalanced stereo audio

Universal Compatibility - Compatible with Kramer's compression connectors as well as typical crimp systems

Length - Available in reels of 76/152/304m (250/500/1000ft)
